City placed one on skid row years ago. A pilot program. They figured if it survives skid row, it'll survive anywhere. Complete success. It withstood the elements, never broken into, didn't have to be emptied as often. I'd love to have them everywhere on skid row but they are prohibitively expensive. I was told Old Town Pasadena installed them along Colorado Blvd. You might check with them.

Subject: Big Belly Trash Cans

Hello All,
Has anyone used these? Can you give me any feedback asap?

Thank you.
